Name (BLOCK CAPITALS) _____

SUMMARY TERMS AND CONDITIONS:

Your use of GIS247 and any other Services provided by Sological Solutions through this licence will be governed by the full Terms and Conditions. These can be viewed at <http://www.gis247.com/terms>. The following is a summary for your guidance only and do not replace or supersede the full Terms and Conditions. If there is any contradiction between the full Terms and these Summary terms, the full Terms will take precedence. This will not affect the application or interpretation of the other terms that apply.

1. A completed order form is required from each organisation. Incomplete or unsigned order forms will not be processed and may delay the issue of your licence to GIS247.com. The total payable must be paid in full prior to the issue of a licence and access being granted.
2. A licence to GIS247.com is granted on either a 12 or 24 month basis from the date indicated on this order form (provided full payment has been made) or from a later date agreed in writing.
3. GIS247.com is a trading name of Sological Solutions. You agree that Sological Solutions can use your organizations name on any of its marketing, publicity and other promotional material unless you state otherwise on the order form.
4. Sological Solutions reserves the right to restrict a GIS247.com licence to certain organizations. The grant of a licence to GIS247.com is at the discretion of Sological Solutions. If any of the terms or conditions of a licence is breached Sological Solutions reserves the right to suspend or terminate a licence. No refund will be made. It is the responsibility of each organisation that its employees are aware of and comply with the terms and conditions of their GIS247.com licence.
5. A licenced organisation can upgrade their GIS247.com licence to include access to training for an additional software product or any of the training user support options at any time. However the upgrade will be backdated to the start date of the current licence period. The upgrade cost is payable in full and not based on a pro-rata calculation.
6. Notification of the end of the licence period will be made to each organisation a minimum of one month prior to the expiry of the licence period. Each organisation can apply to renew their licence and may then be granted a licence for a subsequent period. A licence renewal may be offered at a discount. However if a renewal payment is not received with 10 working days of a licence expiry any renewal discount may be withdrawn.
7. Licence renewal is not compulsory.
8. If the offer of any licence renewal discount is withdrawn the organization can purchase a new licence to GIS247 at the standard licence rate at any time.
9. The grant of a licence to access the Services available at GIS247.com provides access to the training material for an organisation's employees for the period of the licence. Each organisation can register one email suffix per licence. Each organisation must appoint a primary GIS247 Training Administrator who will be the key point of contact between the organisation and GIS247.com.
10. The primary GIS247 Training Administrator will be given administration access to GIS247.com and is responsible for the administration of access of their organizations employees to GIS247.com and the appropriate training material.
11. Additional users can be given GIS247 administration access but this must requested in writhing (email b the primary GIS247 Training Administrator.

12. Any GIS247 Training Administrator must not give their administration access to anyone other than themselves. It is the responsibility of the GIS247 Training Administrator to add and/or remove their organizations employees as registered users of GIS247.com.
13. Each registered user must have their official company email address as their user name based on their official company suffix.
14. Each registered user must not give their access to anyone else and ensure they are the only person to use their log-in.
15. All training material is developed in-house by Sological Solutions and is our own interpretation of the functions and abilities of the software. Sological Solutions reserves the right to alter or amend the training material and its contents that is available to users. We accept no liability whatsoever for the interpretation of the training material in the use of the software by any organizations employees. Training is for guidance only.
16. The intellectual property of all the training material resides with Sological Solutions. All content of the GIS247 Service is copyright Sological Solutions.
17. It may be necessary from time to time for essential maintenance to be undertaken on the GIS247.com website. Prior notification will not necessarily be given to users and the service suspended for a short time. During periods of peak demand user access may be limited to a set number of users per organization.
18. If a user is logged-in and there is no activity on that login for 1 hour, the user will be automatically logged out.
19. Any and all training material is copyright GIS247.com and Sological Solutions. Training material must not be copied, captured, reproduced or distributed in any way whatsoever.
20. Access to various datasets is permitted as part of a licence. This data can be downloaded and installed according to the instructions to allow registered users to undertake the exercises supplied as part of the GIS247.com licence. All data is copyright Sological Solutions and can not be used for any commercial means, distributed or reproduced in anyway. It is not to be used for any means other than the GIS247.com training exercises.
21. Access to GIS247.com material is not permitted at public events or in demonstrations or seminars, or similar, where the material may be viewed by people who do not have permission to access the site themselves.
22. GIS247.com does not supply or provide any access to GIS software. Organisations and their users must have their own software licence and use it in accordance with their licence agreement. By using GIS247.com an organisation certifies that they and their employees are duly and fully licenced to use the GIS software relevant to their licence and that vendor licencing agreements will not be breached.
23. Training material is available for different versions of the ArcGIS/MapInfo Professional software and is at our discretion.
24. Sological Solutions reserves the right to refuse access to any individual or organisation we believe is purchasing access with the intention of contravening any of the Terms.
25. Sological Solutions reserves the right to grant a restricted licence whereby access is restricted to a set number of users for any reason, including but not limited to, belief that the number of users an organisation might permit will be detrimental to the provision of the GIS247 Service to other users.
